OBJECTIVE

Motivated Computer Science graduate seeking Software Engineer position at IBM, where I can apply my programming skills, problem-solving abilities, and passion for technology to build reliable, scalable software solutions while continuously learning and contributing to innovative, team-driven projects.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
christu Jyothi Institute of Technology & Science (JNTUH Affiliated) | Hyderabad, Telangana | Graduated July 2025

CGPA: 7.77/10
Relevant Coursework: Database Management Systems, Data structures, Web technologies, Object-Oriented Programming, Software Engineering

Intermediate in MPC
SR Junior College | Hyderabad, Telangana | 2019 - 2021

Percentage: 94%

10th Grade
Ekashila Public School | Jangaon, Telangana | 2019

GPA: 9.7/10

PROJECTS

Major Project: Online Examination System

- Designed and developed a web-based Online Examination System to automate exam creation, question management, and evaluation.
- Implemented separate user and admin modules with secure authentication and role-based access.
- Built backend services using Java and Spring Boot, with MySQL for data storage and management.
- Improved examination efficiency by reducing manual processes and ensuring accurate result generation.

Mini Project: Predicting Shopping Mall Revenue

- Developed a data-driven model to analyze and predict shopping mall revenue based on historical sales data.
- Performed data cleaning, analysis, and visualization using Python libraries such as Pandas, NumPy, and Matplotlib.
- Applied basic machine learning techniques to identify trends and factors influencing revenue.
- Generated insights to support better business decision-making and sales forecasting.

SKILLS

Technical Skills: Python, Java, MySQL, HTML, CSS , JavaScript

Software: GitHub, Visual Studio Code, Microsoft Word

Languages: English , Hindi, Telugu

Core Competencies: Communication, Teamwork, Problem-Solving, Time Management, Adaptability
